

# Detonics...a shot of West Coast Blues!

**Coming from the Netherlands...it's "Detonics"!**

When "Detonics" plays, people start moving their feet. Get ready for very energetic West Coast blues, played by 5 guys with looks to kill. Not only do they sound like the fifties, they also dress up fifties style.

Inspired by the early West Coast blues, "Detonics" mainly plays Swing & Boogie. But don't be surprised when you hear them play a Rumba or a slow blues, all of course in West Coast style. Creative, explosive music, without adding too much to the traditional sound.

The band has headlined on major international festivals and clubs, including Ribs & Blues, Culemborg Blues, Breda Jazz and Moulin Blues (The Netherlands), Santa Maria Blues festival (Azores), Swing Wespelaar (Belgium), Zyfflich Blues festival (Germany) and BB King's club in Memphis (USA).

"Detonics" is praised for their creative songs and powerful performance by expert juries: in 2016 the guys won the Dutch Blues Challenge and represented The Netherlands at the European Blues Challenge. In 2017 they even reached the semi-finales of the International Blues Challenge in Memphis. One of the jury members commented: "The moment they started to play I got a smile on my face that didn't get off anymore".

Expect impressive solos and sexy looks... "Detonics" are ready to rock!

Kars van Nus	Lead vocals and blues harp
Raymond Nijenhuis	Guitar
Raimond de Nijs	Piano and Hammond
Mathijs Roks	Drums
René Leijtens	Upright bass and backing vocals
